

## **Axonics® Announces Closing of \$110 Million Public Offering of Common Stock**

November 22, 2019

IRVINE, Calif.--(BUSINESS WIRE)--Nov. 22, 2019-- Axonics Modulation Technologies, Inc. (NASDAQ: AXNX), ("Axonics"), a medical technology company that has developed and is commercializing novel implantable rechargeable sacral neuromodulation ("SNM") devices for the treatment of bladder and bowel dysfunction, today announced the closing of its public offering of 5,000,000 shares of common stock at the offering price of \$22 per share. The gross proceeds from the offering to Axonics, before deducting underwriting discounts and commissions and estimated offering expenses, were approximately \$101 million. The offering consisted of 4,595,000 shares offered by Axonics and 405,000 shares offered by selling stockholders of Axonics. In addition, the underwriters have been granted a 30-day option to purchase up to an additional 750,000 shares of common stock from Axonics on the same terms and conditions. Axonics will not receive any proceeds from the sale of shares by the selling stockholders.

BofA Securities and Barclays acted as joint book-running managers for the offering and representatives of the underwriters. Wells Fargo Securities acted as lead manager for the offering.

The shares described above are being offered pursuant to a shelf registration statement on Form S-3, including a base prospectus, that was previously filed by Axonics with the Securities and Exchange Commission ("SEC") on November 6, 2019 and was declared effective on November 18, 2019. A final prospectus supplement and accompanying prospectus relating to the offering have been filed with the SEC and are available on the SEC's website located at <http://www.sec.gov>.
